FARM SEED PRICE LIST

Farm Seed prices are steady with little change expected. Quality in most all cases very good.

Hybrid Seed Corn

Our Hybrid Seed Corn is moving now. Shipments are being made daily. The new thickness and length grading machines, which we installed this year, have made a remarkable improvement in our grades. Our Seed matured fine and is of excellent quality. Other Companies claim to have better Hybrids but Ohio Official tests show Ohio Hybrids are best. We have the following to offer;

Ohio K 23	Ills. 172	Ind. 614
Ohio K 35	U. S. 65	Ill. 960
Iowa 939	U. S. 52	U. S. 44
Ohio W 17	Ohio C 14	Ohio L 31
	U. S. 13	

Price are firm with growers finding they do not have as much seed as was first thot. We are making a fancy Buckeye Grade for those wanting double extra quality. Our commercial grade corresponds very favorably to the average first grade of seed sold by most growers. Our Small Flats are graded even and a regular stand can be had by using them. A special grader is used to improve the grading of Rounds. Prices are as follows for all Hybrids;

Buckeye Flats, per bu.....	\$6.00
Commercial Flats, per bu.....	5.00
Small Flats, per bu.....	4.00
Round Grains, per bu.....	4.00

Hybrid Sweet Corn

Hybrid Sweet Corn is increasing in use each year. Its more vigorous growth, bigger yield of better flavored corn is demonstrating its value both for the home garden and commercially. Our early Sweet Corns are produced in the east and the drouth last summer decreased the yields materially. We received only a small part of our Span Cross C. 2 order and we are already out of this Hybrid. We, however, still have Marcross C 13.6 which is equally good and just as early. We recommend this early Hybrid to you. Prices are firm and higher because of the shortage. Our quotations, however, are the same as our Catalog.

We offer the following Hybrid Sweet Corns;

Marcross C 13.6	Golden Cross Bantam
Spancross P 39	Purgold
Whipcross P 39	Country Gentleman Hybrid
Marcross P. 39	Stowells Evergreen Hybrid

Price—35c per lb. postpaid. Not prepaid per lb. 30c; 5 lbs. or over 27½c; 10 lbs. or over 25c per lb. Write for prices of large lots.

Open Pollinated Seed Corn

Regardless of the increasing use of Hybrid Corn many of our customers still want a field of open pollinated corn. Some are still using this type altogether and we have kept our varieties pure and have a nice lot of seed to offer. We have the following varieties:

White Cap Yellow Dent	Cash Yellow Dent
Early White Dent	Yellow Clarage
Woodburn Golden Yellow Dent	Bloody Butcher
Reids Yellow Dent	Blue Clarage

All varieties Price per bu. \$2.50.

Ensilage Varieties

We offer several special heavy foliage varieties especially suited for use for ensilage. These have proven their worth and we recommend them to you.

Conners Prolific	Johnson Co. White
Reids Yellow Dent	

Hybrids are being used with increasing popularity for silage. For those wanting to fill silos early U. S. 52 and U. S. 44 are recommended. For a little later maturity U. S. 13 and also Ohio L 31 are very satisfactory. Price under Hybrids.

Sweet Corn

Our open pollinated Sweet Corn is the best quality we have ever offered. We have the following varieties;

New Wonder	Whipples Ea. Yellow
